Omega and other recalled sprinkler heads: Do you have recalled sprinkler heads in your home? If so, these heads have been shown to have a failure rate unacceptable to the listing and approval authorities. They have since been **required** to be replaced. Please visit the following link to assist in identifying these heads:

http://www.omegarecall.com/omega_id.shtml

For additional recalled sprinkler heads, the following link may be viewed:

http://www.sprinklerreplacement.com/involved_download.php

We can usually replace your sprinkler heads within a few hours in the average home.

Please call for a FREE quote. If you are not sure, call us!

This is a serious Life Safety concern! Please check your home today. If you are not sure, we are just a phone call away.

We offer a complete sprinkler head replacement package that other contractors do not. Our package includes the following:

- **New Reliable Automatic, residential, white, quick response sprinkler heads.**
- **New Escutcheon two piece plates.**
- **Annual Inspection of the automatic sprinkler system at time of replacement.**
- **Automatic Sprinkler System Inspection Report.**
- **All labor and material included.**
- **All labor warranted for 90 days from day of completion.**
- **Excluded – physical head damage, pipe damage, painting and patching.**

Contact us by phone or email for a quick quote. **It's free!**
